Taj Mahal, India: Pattern

View of completed model

Taj Mahal, India

The Taj Mahal is a palatial mausoleum built by the fifth Mughal emperor Shah Jahan in memory of his favorite wife. It was built over a period of 22 years, starting from 1632, by approximately 20,000 workers. With a white marble mosque, front gate, and other structures of perfect symmetry, the Taj Mahal is truly a work of art in every detail.

*This model was designed for Papercraft and may differ from the original in some respects.

- Parts list(pattern): Ten A4 sheets (No.1 to No.10)
- No. of Parts: 82

*Build the model by carefully reading the Assembly Instructions, in the parts sheet page order.
Do not hit other people with the pointed edges. Doing so could result in injury. Adults should make sure that children observe this caution.
